Hi Lynne,

Are you still wanting to teach classes at the farmers market in RBS? If so, that would be SUPER great!! Could you please send an email to me in which you describe the classes you are going to be giving, who you are, etc? I am putting together a continuation application for the last grant we received, and I think it would be helpful for me to include that.

Also, we are having a meeting the last Saturday of the month at 8am for the farmers market. The vendors will all be there, we will be going over what we can and can not sell, times, etc. It would be great to have you there.

THANK YOU!!!
Kristina

The classes I could teach are food demonstrations relating to foods in season that can be bought at the Farmer's Market. The program is called "Farmers' Market Fresh". I would be able to come a few Saturday's but not every one. I can give you the dates later.

I will try to make it to the meeting this Saturday, but if I don't, please send me the minutes or updates. I will scan and email you the brochure on the program (separate email) so if I don't make it to the meeting you will have the information to talk about.

Thanks,
Lynne
